

Professional Code for Art Education Associations of States and Provinces

The Professional Code for Art Education Associations of States and Provinces is a declaration of the common philosophical and professional beliefs and practices which unite the National Art Education Association with art education associations of states and provinces and which also serve to link the various state/provincial art education associations to one another nationally and internationally. This Professional Code represents a formal endorsement and enhancement of the professional partnership existing among the national and the state/provincial art education associations.

Professional partnerships encourage a relationship of interdependence. Art education associations of states and provinces and the NAEA contribute to and draw on the strengths and resources of the other. A national association, by virtue of organization, geography, resources and accessibility can offer a broader range of expertise and opportunities than any individual state or province. State/provincial associations both contribute to this body of knowledge and use it to tailor to their own programming on the state/provincial and local levels. The national associations and the greater whole of art education are strengthened by strong state and provincial associations.

Professional partnerships are vital to the development of individual art educators and the state/provincial and national associations through awareness of and links to the people, expertise, knowledge and standards in art education that exist in many places throughout the states and provinces. Shared knowledge and resources are important to the delivery of quality art education.

Professional partnerships strengthen bonds already existing among the state, provincial and the national associations. We have philosophical and professional beliefs and practices which are the reasons we exist. Our mutual aims and goals relate directly to our desire for the highest degree of quality art education.

These professional partnerships mean that we, as state/provincial associations, will undertake specific activities which will support our partnership with the National Art Education Association and other art education associations of states and provinces, encourage strong programs for our membership and contribute to the delivery of quality art education.

Minimum expectations of any state/provincial art education association is professional partnership with other art education associations include:

3. Advocating art instruction by certified art teachers.
